

WHAT'S A STEM PROJECT?

STEM Workshop

Have you started your STEM project?

Yes

No

What is the topic of your project?
What are you trying to learn more about?

Is your project a Study, Innovation or Experiment?

Does your project involve animals, people or potentially dangerous substances or activities?

What step of the Scientific Method are you on? Explain your next step.

The Scientific Method

1. Ask a Question

2. Do some Research

3. Make a Hypothesis

4. Test your Hypothesis

5. Analyse Your Results & Form a Conclusion

6. Tell Others About It!

Do you have any ideas for your project?

What are some topics you'd like to learn more about?

How can you find out more about a topic you're interested in?

What are you hoping to get out of a STEM/science fair project? Why do you want to do one?
