Selection of Winner

Assessment Phases: There are three phases of assessment for each qualified Entry, which are listed below.

- a. *Phase One.* Each of the First Phase Finalists' Entries will be reviewed by members of an evaluation panel, which consists of experts who are identified by the Science Fair Foundation of BC (the "Evaluation Panel"). The Evaluation Panel will utilize the following review process:
 - Engagement - Did the video capture the viewer's interest? Did the viewer want to keep watching the video to the end? (25%)
 - Communication - Did the video explain the subject matter clearly, allowing the viewer to develop a genuine understanding of the video's content? Did the video demonstrate a rigorous dive into the subject matter? (25%)
 - Creativity - Did the entrant make an effort to approach the subject matter in an innovative or creative way? (25%)
 - Difficulty - Is the subject matter challenging for the age category? Is the idea unique? (25%)

b. *Phase Two.* Based on a rank order of these scores, the top Entries (up to twenty (20) per age category) will be invited to video interviews (or telephone, if video interviews are not possible) with an evaluation panel. Participants will have two (2) minutes to pitch their ideas followed by up to ten (10) minutes of Q&A with the panel. The highest scoring entrants (up to 5) from the interviews based on the review process outlined in 5(a) will move to Phase Three.

c. *Phase Three.* The top 5 projects from each age category will have their 45-second Pitch Video and 1-page Innovation Report distributed to judges between November 14 and November 23, 2022. Judges will review projects and send their scores and feedback back to Competition Sponsor. Scores will be tabulated and the project with the overall highest score will be announced the winner.

d. *Tiebreaker.* Where a tie occurs in any of the phases above, entrants who are tied will be further ranked according to a secondary score provided by the same evaluators. If the secondary score is also equal among a sub-set of ties, the Chairman of the Competition Sponsor shall determine the final rank order by using the review process described in Section 5(a).

The Winner will be announced on November 30th, 2022, at the Youth Innovation Showcase Awards Show and the selection of the Winner shall be binding on You and all entrants. All Finalists will be required to attend an award show on November 30, 2022 (date and timing subject to change).

e. *Winner List.* The name of the Winner will be posted on the Website after verification and announcement of the Winner and will remain posted for at least ninety (90) days thereafter.

f. *Sponsor.* Science Fair Foundation of British Columbia. 338 - 71 West 2nd Ave Vancouver, BC V5Y 0J7.
